### Receive Discounted Pricing for NATA's New Safety 1<sup>st</sup> Subscription Program

NATA is pleased to offer you a special rate to access its new Safety 1<sup>st</sup> Subscription Program, exclusively for Preferred Ground Handlers (PGHs) of Universal Weather and Aviation, Inc.

NATA Safety 1<sup>st</sup> provides high quality training to FBOs and ground handlers worldwide - improving their customers' experience as well as their company's efficiency and effectiveness. Since 2008, NATA's industry-leading PLST program has instructed over 16,000 line service specialists in safe aircraft handling procedures and Safety 1<sup>st</sup> has trained over 35,000 individuals.

### Stay current with the latest safety and training techniques

The new Subscription Program allows users to access all Safety 1<sup>st</sup> training at any time, an opportunity to broaden the skills of your staff as you see fit.

#### Key benefits:

- Unlimited use of all Safety 1<sup>st</sup> training for each employee
- No additional cost for employee turnover
- Fixed annual cost (no swiping a credit card for every course!)
- Option for monthly billing

NATA's Safety 1<sup>st</sup> training helps empower your operation to be safe and successful. [Get started today!](#)
