

## CORSIA EMP Webinars – September 2018

In order to support operators and help them prepare for the implementation of CORSIA, IATA held 9 workshops dedicated to Emissions Monitoring Plans between June and September 2018. Whilst over 180 airlines were represented at the workshops, we would like to provide an opportunity to all other operators to get detailed information on CORSIA for the preparation of their emissions monitoring plan.

We have therefore scheduled several webinars to cover the main elements of a CORSIA emissions monitoring plan and requirements for the monitoring of CO<sub>2</sub> emissions. Participation in the webinars is open to all aircraft operators and to all state authorities.

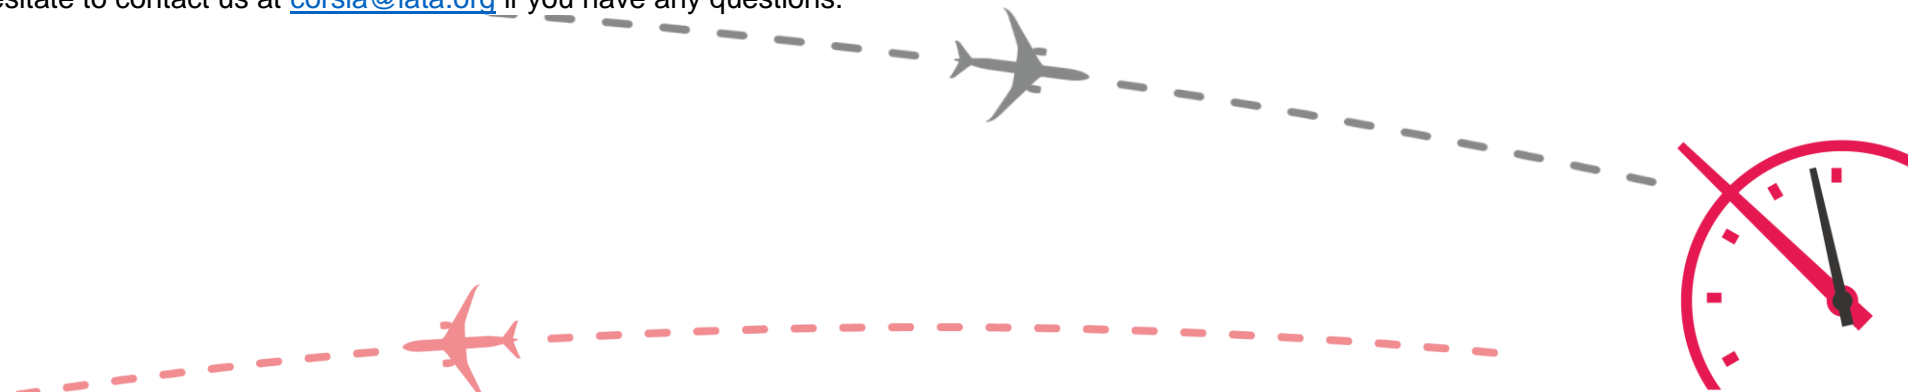

The webinars will also allow operators who participated in a workshop to seek further clarifications and assistance.

The training is split in 5 modules: (1) Operator identification and flight attribution; (2) Applicability of MRV and offsetting requirements; (3) Simplified procedures and CERT; (4) Fuel use monitoring methods; and (5) Data management and FRED+. We would recommend that people who have not attended a CORSIA EMP workshop participate in each module, preferably in sequential order (starting with module 1 and finishing with module 5). Three identical sessions are scheduled for each module. The webinars will last 60 minute, with the exception of module 5 which will be 90 minutes. Plenty of time will naturally be available for questions.

A list of all sessions, organized by module, is provided in the following pages. Participants can either join through the web-links or by phone using the conference IDs indicated for each session. A list of dial-in numbers is included at the end of this document. As we will be using presentations for the webinars, we would strongly encourage participants to follow the presentations on the web platform. The start time of each session is provide in UTC (GMT), as well as for a few different time zones.

As the timing of some of the sessions may have to be adjusted, we would recommend you check the latest timings at [www.iata.org/CORSIA](http://www.iata.org/CORSIA). Alternatively, please let us by email ([corsia@iata.org](mailto:corsia@iata.org)) which sessions you plan to join and we will keep you updated in case there are any changes.

Please do not hesitate to contact us at [corsia@iata.org](mailto:corsia@iata.org) if you have any questions.

## Module 1: Operator identification and flight attribution

Date	Web link	Conference ID (phone dial-in)	UTC time	Duration	Mexico City	Miami	Dakar	Geneva	Nairobi	Amman	Moscow	Bangkok	Singapore	Sydney
13 Sep.	<a href="#">Link</a>	4638138	11:00	60 min	06:00	07:00	11:00	13:00	14:00	14:00	14:00	18:00	19:00	21:00
